## Mr. John Bennett joins Global Brake Safety Council

---

**EFFECTIVE: MAY 2016**

**REV: A**  
**Page 1 of 1**

The Global Brake Safety Council (GBSC) is pleased to announce the newest council member, Mr. John Bennett. John currently serves in the brake industry as the Managing Director of Trelleborg Sealing Solutions Detroit Inc. in Northville MI.

Scott Lambert, current chairman of the GBSC offered his greetings to John, stating that; "his years of experience in OE NVH make John an important addition to the council, adding a technical expertise that will be valuable in evaluating safe and effective brake insulating shim designs, particularly in light of recent recalls and safety issues in the industry."

The Global Safety Council was established with the intent to uphold the highest standards in brake safety and is dedicated to responsible manufacturing in the automotive industry. Utilizing over 150 years of combined industry experience, this group of technical experts is composed of: professional engineers, OE design engineers, product development, and Brake R&D professionals. The team is committed to raising awareness of issues that are critical to public safety through education.
